How your money can help protect children

1 in 5 children in the UK have suffered abuse or neglect. But it doesn't have to be this way. We're working across the UK to protect children today and prevent abuse from happening tomorrow.

How every pound matters

£4

could pay for **one of our trained volunteer counsellors** to answer a child's call to Childline, when they need help the most.

£25

could pay for **toys that children use during therapeutic sessions** to explain how they're feeling.

£150

could pay for **one helpline practitioner shift**, providing vital help and support to adults concerned about a child's welfare.

£580

could pay for our **Speak out. Stay safe.** programme **to visit a whole primary school** and speak to every child aged 5-11.

£1,250

could pay to run all **12 Childline bases** across the UK and the Childline website for one hour.
